A Conversation with

**DR. KENNETH
HARDY**

**HOW TO BE
AN ALLY**

We are called to engage in anti-racist practices that Dismantle Structural Racism and White Supremacy. The Presbytery of San Francisco is choosing to work together in the days, months, and years ahead to fully engage in this struggle—for healing, justice, and racial equity. We have invited Dr. Kenneth Hardy to share with us some first steps towards transformational healing—and we hope you can join us.
