November 2020 West Bay Region Antiracism Meeting

West Bay Presbyterians from 13 different churches and organizations in the Region gathered by Zoom to share what they and their congregations are doing to end racial injustice and inequity, as well as brainstorm ideas of what they can do individually and collectively as Presbyterians on antiracism, i.e. actively working to end structural racism. The meeting was organized by Jeanne Choy Tate (Member, Noe Valley Ministry), Mary Jane Gordon (Presbytery Co-Moderator and Commissioned Ruling Elder, Ingleside Presbyterian Church), Ginger Smyly (Chair, Tri-Presbytery Self Development of People Committee) and Lori Yamauchi (Ruling Elder, Old First Presbyterian Church). 2020 Presbytery Day

The Road From Reflecting, Through Confessing, to Repairing

Denise Anderson is our keynote speaker this year. She was Co-Moderator of the 222nd General Assembly (2016) of the Presbyterian Church (U.S.A.), and now works as the PC(USA) coordinator for racial and intercultural justice, working in connection with the agency's Compassion, Peace & Justice and Racial Equity & Women's Intercultural Ministries. She also staffed the Special Commission on Racism Truth and Reconciliation. This experience with church-wide examination of racism and the call to reparations is what she will bring to our Presbytery Day as we

seek to answer these questions together:
